Dear Friend,

About this time each year we usually have our Annual Cellar Clean-Up Sale of the stock we have left in storage in good dormant condition.

Regardless of the growth of other plants out-doors, these dormant plants can be successfully planted anytime. Because we have a modern cool-storage cellar, which is among the best in the country, we can keep our plants in good condition for planting all thru May and June.

In filling orders from this Sale Sheet, since our supply of some things is not too large at this time of year, we reserve the right to substitute with similar kind or value, or to ship what we can now and allow credit for the balance, to be applied on an order next season. At these low sale prices, please have all orders total \$3.00 or more, and if you want to order less than that amount, add 25¢ extra for handling.

Prompt shipment of all orders, by express or parcel post, collect for delivery costs, unless you send enough extra for postage.

Order Promptly And Take Advantage NOW Of These Many Big Bargains!
